

## Why a Coordinated Plan?

- Guide how to spend \$5310 funding in the region according to Federal Transit Law
- Represent public, private, and non-profit transportation and human services providers and participation by members of the public
- Identify the transportation needs of individuals with disabilities, older adults, and people with low incomes, provide strategies for meeting these needs, and prioritize transportation services for funding and implementation
- Needs to be updated every four years

## What is \$5310 funding? (bolded bullets are how money is currently spent in the region)

Traditional \$5310 project examples include:

- buses and vans
- wheelchair lifts, ramps, and securement devices
- **transit-related information technology systems**, including scheduling/routing/one-call systems
- **mobility management programs**
- acquisition of transportation services under a contract, lease, or other arrangement

Nontraditional \$5310 project examples include:

- **travel training**
- **volunteer driver programs**
- building an accessible path to a bus stop, including curb-cuts, sidewalks, accessible pedestrian signals or other accessible features
- improving signage, or way-finding technology
- incremental cost of providing same day service or door-to-door service
- purchasing vehicles to support new accessible taxi, rides sharing and/or vanpooling programs

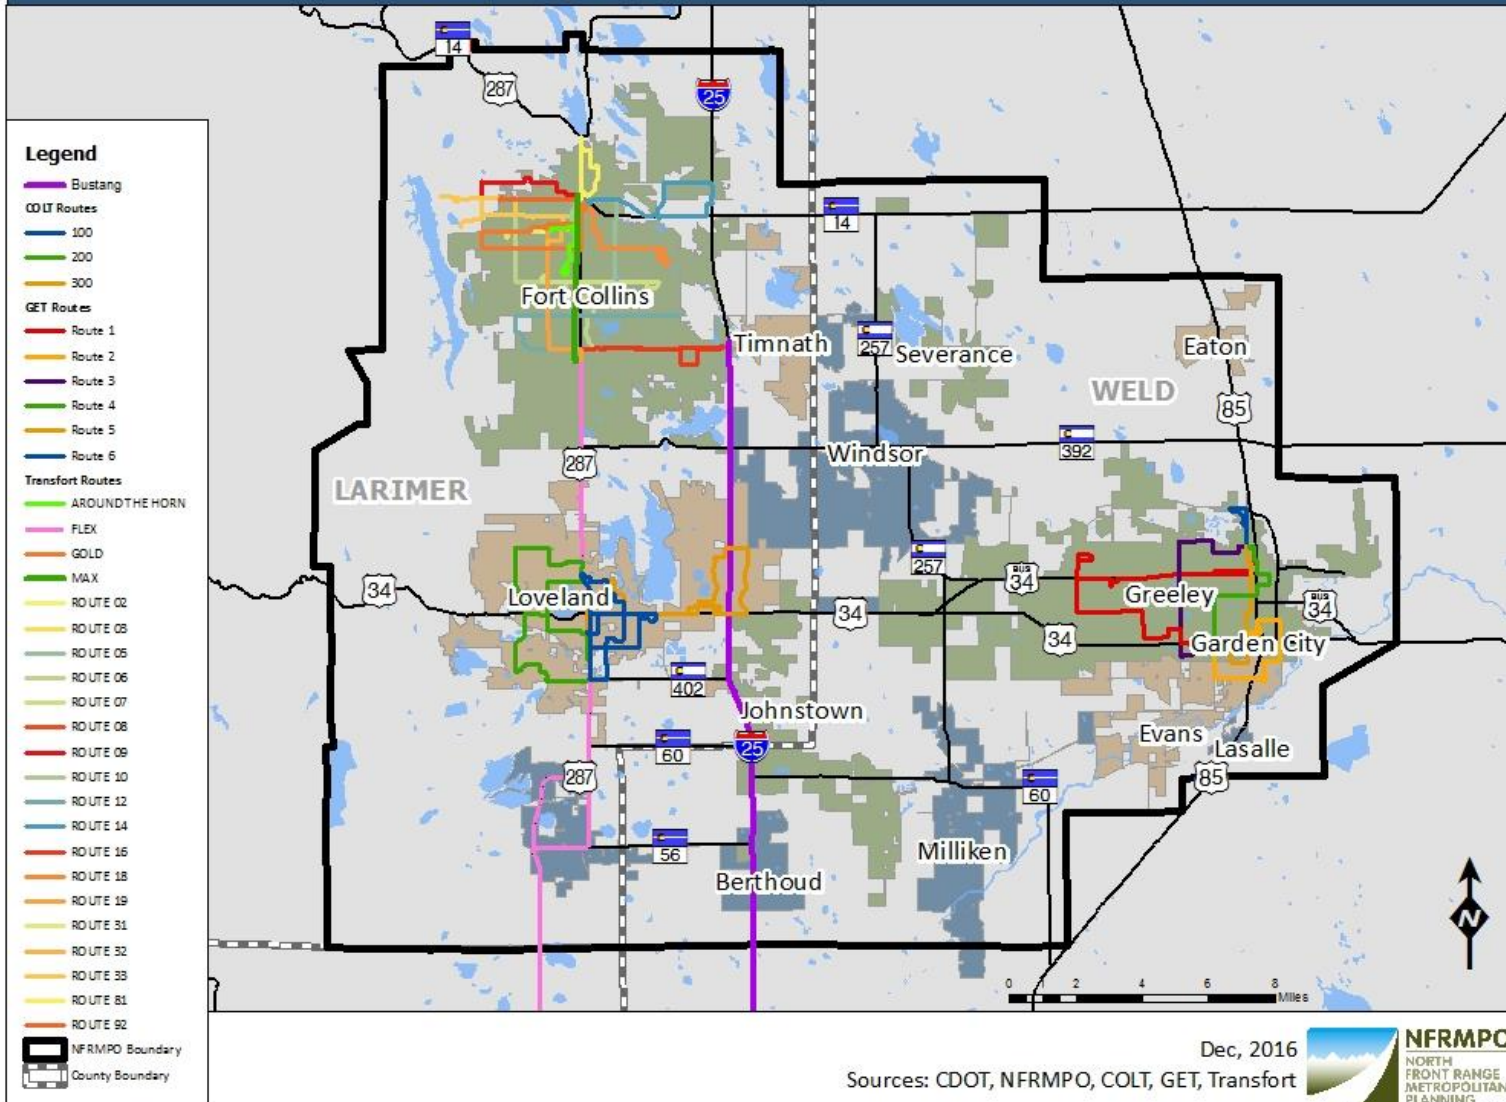

A discretionary pilot program for innovative coordinated access and mobility:

- improve the coordination of transportation services and non-emergency medical transportation (NEMT) services
- the deployment of coordination technology
- projects that create or increase access to community, One-Call/One-Click Centers

## How does the NFRMPO use \$5310 funding?

- In 2017, the NFRMPO applied for \$5310 funding from CDOT for approximately \$27,000\* for the following projects:
  - Volunteer driver program in Greeley, CO (covers Weld County)
  - New *2017 Coordinated Plan* - outreach, materials, advertising
  - Online and print Rider's Guide (printing, maintenance, updates, etc.)
  - \*There is a 20 percent local match required for this funding, provided by member governments of the NFRMPO
- Suggested projects from discussion at March 2016 meeting:
  - Survey of senior centers and agencies for transportation needs
  - Weld County Travel Training
  - Distribution of bus passes to social service agencies
- Previous projects include:
  - Letters of support on behalf of Greeley-Evans Transit and transit in Weld County
  - Attendance of Easter Seals Mobility Planning Institute
  - Travel training (teaching people to ride the existing transit system) - Larimer County funding is used for senior center day trips using FLEX, MAX, and a lunch in Downtown Fort Collins
  - Volunteer driver program - Senior Resource Services
  - Public events and forums on aging, mobility, etc.
