

RESOLUTION NO. 2016-15
OF THE NORTH FRONT RANGE TRANSPORTATION & AIR QUALITY PLANNING
COUNCIL APPROVING THE FIRST AMENDMENT TO THE FY2017 UNIFIED PLANNING
WORK PROGRAM (UPWP) AND BUDGET

WHEREAS, the North Front Range Transportation & Air Quality Planning Council maintains a fiscally responsible budget in compliance with Federal regulations required and developed through the “3C” transportation planning process of a Unified Planning Work Program (UPWP) describing the transportation planning activities of the MPO region; and

WHEREAS, the North Front Range Transportation & Air Quality Planning Council has prepared a FY2017 Budget and UPWP that identifies the work elements, tasks, and direct expenses associated with the budget; and

WHEREAS, the budget includes funding for the VanGo™ vanpool program that is self-sufficient through fares and other funding sources; and

WHEREAS, the budget and UPWP have been constructed to allocate expenses as direct to a program where possible to reduce the indirect rate while more accurately reflecting true program costs; and

WHEREAS, the FY2017 UPWP has continued the trend to reduce the use of STP Metro funds for planning to allow for more construction funds; and

WHEREAS, the NFRMPO is amending the FY2017 UPWP tasks and budget to include an additional four tasks (three for the NFRMPO and one for Greeley Evans Transit - GET, which will add \$276,709 in additional Consolidated Planning Grant (CPG) funds from the FY2016 UPWP budget and \$104K in §5307 funds) resulting in \$1,635,367 for planning efforts required by the Federal Highway and Federal Transit Administrations in conjunction with the Colorado Department of Transportation including \$990K in CPG funds, \$249K in STP Metro funds, \$51K in FTA §5310 funds, \$25K in CDPHE funds, \$104K in FTA §5307 funds, and \$272K in local match in addition to the VanGo™ Budget detailed below; and

WHEREAS, the NFRMPO has budgeted \$1,710,199 for VanGo™ operations including \$240K in CDOT Faster funds, \$840K in VanGo™ fares, \$85K in VanGo™ sales, \$418K in Fort Collins sales tax funds (exchanged for FTA §5307), and \$125K in agency reserves.

WHEREAS, the NFRMPO has adequate FY2016 match left to cover the additional match required for the CPG funds and GET will provide the match for the FTA §5307 funds.

NOW THEREFORE, BE IT RESOLVED, the North Front Range Transportation & Air Quality Planning Council hereby approves the First Amendment to the FY2017 Unified Planning Work Program (UPWP) and Budget and requisite match funds.

Passed and adopted at the regular meeting of the North Front Range Transportation & Air Quality Planning Council held this 3rd day of November, 2016.

Kevin Ross, Vice Chair

RESOLUTION NO. 2016-15
OF THE NORTH FRONT RANGE TRANSPORTATION & AIR QUALITY PLANNING
COUNCIL
ADOPTING THE FY2020-2021 CALL FOR PROJECTS

WHEREAS, 49 CFR PART 613 §450.324 requires the development of a fiscally constrained Transportation Improvement Program (TIP) for Metropolitan Planning Organizations through the continuing, cooperative, and comprehensive (“3C”) multimodal transportation planning process; and

WHEREAS, the North Front Range Transportation & Air Quality Planning Council as the Metropolitan Planning Organization (MPO) is the agency responsible for developing the TIP in accordance with the above stated regulation; and

WHEREAS, transportation projects selected in the FY2020-2021 Call for Projects were submitted to the NFRMPO and were scored on September 21, 2016 by nine TAC members and one transit representative are consistent with the adopted 2040 Regional Transportation Plan; and

WHEREAS, eight Congestion Mitigation and Air Quality (CMAQ) projects, six Surface Transportation Block Grant (STBG) projects, and one Transportation Alternatives (TA) project have been recommended for funding and incorporation into the FY2018-2021 TIP;

WHEREAS, the Air Quality Conformity finding will be conducted on the 2040 Regional Transportation Plan and the FY2018-2021 TIP, and all of the projects in the FY2020-2021 Call for Projects come from the conforming 2040 Regional Transportation Plan and FY 2018-2021 TIP;

NOW, THEREFORE, BE IT RESOLVED, the North Front Range Transportation & Air Quality Planning Council hereby adopts the FY2020-2021 Call for Projects as recommended.

Passed and adopted at the regular meeting of the North Front Range Transportation & Air Quality Planning Council held this 3rd day of November, 2016.

Staff

The NFRMPO staff complete all of the federal and state requirements to allow the local member communities to spend federal and state transportation funding. Staff provide professional planning services through the development of the Regional Transportation Plan including sub-plans for transit, non-motorized, and Congestion Management Process. The staff are also responsible for the ongoing administration of the region's [Transportation Improvement Program](#) and periodic [Call for Projects](#) for federal funding for the region. Staff are managed by an Executive Director who reports to the [Planning Council](#).

Planning Council: <http://nfrmpo.org/planning-council/>

The screenshot shows a web browser window displaying the NFRMPO website. The browser's address bar shows the URL <http://nfrmpo.org/planning-council/>. The website header features the NFRMPO logo (North Front Range Metropolitan Planning Organization) on the left, a language selection dropdown, and a search bar on the right. A dark green navigation bar contains links for Home, About, Transportation, Resources, News & Events, and Public Notices. The main content area is titled "Planning Council" and includes a descriptive paragraph about the organization's structure and the council's role. Below the text is a photograph of the 2016 Executive Committee, consisting of three men in business attire. To the right of the main content is a sidebar menu titled "About" with links for Overview, FAQs, Title VI & DBE, Planning Council (highlighted), Technical Advisory Committee, Staff, and Finance & Work Program.

Planning Council

The North Front Range Metropolitan Planning Organization covers 15 local governments in Northern Colorado. Each participating local government chooses an elected official to serve as its representative on the Planning Council. In addition, there is a representative from the Colorado Department of Public Health and Environment's Air Pollution Control Division and the Transportation Commission of Colorado. The Council allows local officials to respond more effectively to regional and state transportation and transportation-related air quality issues and needs.

The Executive Committee is comprised of the Chair, Vice Chair, and Immediate Past Chair. The Executive Committee is responsible for direct guidance to the Executive Director, sets agendas and speaks for the entire Planning Council on specific issues/direction with consensus from the Council.
